**Will your SKU# 992 LSx solid motor mounts work in a 1982-1992 F-Body Camaro & Firebird doing an LSx swap?**

No, our SKU# 992 solid LSx motor mounts are made to bolt to a 1993-2002 F-Body K-Member, they will not work on a 1982-1992 F-Body K-Member.
